Lesson:

Types of Poetry

First, we're talking about a haiku

maybe today we'll learn some new things about you

Then we got a limerick that really rhymes

Oh man, I guess it's that time

a limerick has a rhyme scheme

If you like to rap, then rap to a theme

like a free verse

It's like you got rhyming words but you put them in
reverse

Oh wait, I forgot a concrete poem

If you like something or somebody then you gotta
showem

Then you got a couplet

Put your words together they come at you like a
bullet
